EXPRESSING OPPOSITION TO AB 24, PROVIDING FOR ELECTION OF REPRESENTATIVES ON THE BOARD OF DIRECTORS OF THE BAY AREA RAPID TRANSIT DISTRICT UNLESS IT BE AMENDED TO PROVIDE FOR THREE REPRESENTATIVES FROM EACH MEMBER COUNTY.

WHEREAS, AB 24, which has been approved by the State Senate and is now pending before the State Legislature, purports to revise the method for membership on the Board of Directors of the Bay Area Rapid Transit District to provide that representatives shall be elected rather than appointed; and

WHEREAS, Said AB 24 provides for the establishment of nine electoral districts on the basis of the population in said district in accordance with the most recent Federal dicennial or county census; and

WHEREAS, If said legislation shall be enacted and become effective, San Francisco would lose one representative and Contra Costa County would lose two representatives while Alameda County would retain its present membership of four members; and

WHEREAS, Such distribution of membership would reflect in an unequal distribution of power; and

WHEREAS, While this Board of Supervisors believes in the policy of electing representatives to various boards, it is opposed to any procedure which would discriminate in favor of one county to the detriment of two other county members of any board or commission; and

WHEREAS, Said legislation at one time provided for equal representation of three members from each of the three member counties, which provision was revised; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco hereby expresses its opposition to AB 24 providing for district election of members of the Board of Directors of the Bay Area Rapid Transit District unless said legislation is amended to provide that the nine member Board of Directors consist of three representatives from each county elected by the electorate thereof; and be it

NAVIGATION RADIO SUPPLY TOWER COMMENCED OPERATION MAY BE ACCORDED PROMPT RELIEF, AND REQUESTING ASSISTANCE FROM THE CATV TASK FORCE

on the south slope of Mount Davidson, with a view toward making its facilities available to residents of those areas so affected.

RESOLUTION URGING CABLEVISION TO RE-ORDER ITS INSTALLATION PRIORITIES SO THAT RESIDENTS OF SAN FRANCISCO WHO HAVE SUFFERED IMPAIRED TELEVISION RECEPTION SINCE SUTRO TOWER COMMENCED OPERATION MAY BE ACCORDED PROMPT RELIEF, AND REQUESTING ASSISTANCE FROM THE CATV TASK FORCE

WHEREAS, it has come to the attention of the Board of Supervisors that many residents of San Francisco have sustained interrupted, impaired or destroyed television reception since Sutro Tower commenced operation, and

WHEREAS, it is a fact acknowledged by the Television Signal Corp. that cablevision could restore normal reception to those areas thus affected by the new transmitter, and

WHEREAS, expert testimony before the Governmental Services Committee of this Board confirms the fact that the only relief available to those residents who have been thus deprived of normal reception is the installation of cablevision, and

WHEREAS, all of those who testified to impaired reception, particularly on the south slope of Mount Davidson, indicated a willingness to pay for the installation and use of cablevision if they could obtain the same, and

WHEREAS, it was well known to the Television Signal Corp. for the past several years that such impairment of reception would result from the operation of Sutro Tower and that the only relief obtainable from the impairment was the installation of cablevision in the areas thus affected, and

WHEREAS, the T.V. Signal Corp. nevertheless has taken no steps during recent years to meet the problem it knew would thus result and which its facilities could alleviate, and instead has ordered its priorities to serve other areas of the City and its environs which are not adversely affected by transmission from Sutro Tower, and

WHEREAS, it is the undergrounding of the cable that is presenting a financial obstacle to the Television Signal Corp. meeting the current need of affected residents, now therefore be it

RESOLVED: That this Board of Supervisors does hereby urge the T.V. Signal Corp. to address itself immediately to the urgent need for installation of its facilities in the areas adversely affected by the operation of Sutro Tower, in particular on the south slope of Mount Davidson, with a view toward making its facilities available to residents of those areas so affected, before the end of 1973;

RESOLVED FURTHER: That this Board of Supervisors does further urge the T.V. Signal Corp. to explore the possibility of expediting the aforesaid installation in affected areas by use of above-ground cables;

RESOLVED FURTHER: That this Board of Supervisors does hereby request the CATV Task Force to investigate the means for implementing this resolution at the earliest possible date, and to report to this Board within 60 days its findings and recommendations in this regard, including a report on the availability of alternative cablevision facilities that would be able to meet the needs of the residents affected, in the event the Television Signal Corp. does not respond to this urgent need with immediate action.

URGING THE DEPARTMENT OF THE INTERIOR TO CONDUCT HEARINGS IN SAN FRANCISCO ON THE EFFECT OF THE PROPOSED WIDENING OF DOYLE DRIVE ON THE GOLDEN GATE NATIONAL RECREATION AREA

WHEREAS, The Board of Supervisors of the City and County of San Francisco has consistently opposed the widening of Doyle Drive to eight lanes, and

WHEREAS, The California State Highway Commission has chosen to ignore the official position of the City and County, and

WHEREAS, Doyle Drive is the approach to the Golden Gate Bridge, and which passes through U.S.Army property which has now been designated as a part of the Golden Gate National Recreation Area,and

WHEREAS, Certain sections of the legislation establishing the Golden Gate National Recreation Area are explicit in their opposition to further distruction of open space, and

WHEREAS, The Federal Government has the authority to forbid the State Highway Commission to build a structure which will be inconsistent with the objectives of this national law, and

WHEREAS, The Department of the Interior is the last hope for the residents of the City and County of San Francisco who wish to preserve the ecological balance in the Presidio and discourage a further influx of traffic into the City, now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby urge the Secretary of the Interior, Honorable Rogers C. B. Morton, to instruct his department to conduct hearings in the City and County of San Francisco to determine the effect and desirability of an expanded Doyle Drive on the Presidio, the Marina Green, Fort Mason and other portions of the Golden Gate National Recreation Area, and, be it

FURTHER RESOLVED, That copies of this resolution be sent to Mr. Howard Chapman, Western Regional Director of the National Park Service to draw his attention to the importance of the involvement of the National Park Service, and be it

FURTHER RESOLVED That copies of this resolution be sent to Superintendent William Whalen of the Golden Gate National Recreation Area, urging his assistance in obtaining a top priority status for this request, and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded to his Honor, the Mayor, for transmittal to members of the San Francisco Delegation to Congress, and the California Delegation to the United States Senate, with the request that all assistance be lent to this effort to involve the Golden Gate National Recreation Area in the decision as to whether Doyle Drive should remain six lanes, with certain safety improvements, or whether it should be turned into an eight lane freeway, destroying a portion of the Presidio and encouraging additional traffic to flow into our urban area.

BOARD OF SUPERVISORS

FILE NO. 494-72-3 RESOLUTION NO. 656-73

EXPRESSING CONTINUED DISAPPROVAL OF THE PROPOSAL TO CONSTRUCT A FEDERAL METROPOLITAN CORRECTIONAL CENTER IN SAN FRANCISCO.

WHEREAS, The United States Bureau of Prisons and the General Services Administration has proposed that a Federal Metropolitan Correctional Center be constructed in San Francisco on the northwest corner of the intersection of Turk and Larkin Streets; and

WHEREAS, Since December of 1972, the Federal government has referred to the City and County of San Francisco the consideration of such questions as the need for the Center, its design, environmental impact, and site suitability; and

WHEREAS, On February 13, 1973, this Board of Supervisors, by Resolution 78-73, requested the Mayor's Criminal Justice Council to "...undertake... a study of the need for a Federal Correctional Facility in San Francisco; recommend, in conjunction with the Federal government, alternative sites, and assign priorities thereto; and prepare for submission to this Board of Supervisors recommendations for interrelational use of any such facility with appropriate local correctional authories;" and

WHEREAS, A special Committee to Review the Necessity and Site Suitability of the Federal Detention Complex, appointed by such Council, made a conscientious study and report recommending to this Board and the Mayor that no Metropolitan Correctional Center be built in San Francisco by the Federal Bureau of Prisons; and

WHEREAS, The following statements were made by the Council through its Committee in its Final Report of May 30, 1973, submitted to the Honorable Joseph L. Alioto, Mayor of the City and County of San Francisco:

1. The plan calls for an enormous outlay of taxpayer money for a facility which is intended to serve a small minority of pre-trial offenders in San Francisco.

2. Evidence of the need for the facility as described and documented by the Federal Bureau of Prisons is not substantiated and is totally unconvincing.
3. In keeping with trends and informed judgments in modern penology and corrections, the model for local corrections should not be a one jurisdictional detention and/or treatment and diagnostic center but rather should be integrated into the total San Francisco correctional plan now being developed by the Mayor's Criminal Justice Council.
4. Projections for pre-trial detention ignore the potential impact of increased utilization of the Federal Bail Reform Act, the Magistrate's Act and the summons release procedure.
5. No evidence was presented to the Committee that the Bureau had considered alternative plans which make more extensive use of community resources in San Francisco.
6. Inadequate pre-trial conditions for all prisoners in San Francisco can better be met by combining City and County jails and investing a smaller sum of money (than that allocated for the proposed Center) to bring them up to prescribed standards; and

WHEREAS, Pertinent data and information concerning the proposed Center including, but not limited to, the physical plans and design, the programs for corrections, treatment and the like, and the environmental impact were not provided the Committee or the Council; and

WHEREAS, Various groups in San Francisco, including the Joint Strategy and Action Commission, Northern California Ecumenical Council; the San Francisco Council on Race, Religion and Social Concerns, the American Friends Service Committee, the All People's Coalition, the Haight-Ashbury Neighborhood Coalition, the National Council on

Crime and Delinquency, the Committee for Prisoner Justice and Humanity, Assemblyman Willie Brown, Renaissance Association, Volunteers in Adult Probation, and the Commission on Social Justice, Archdiocese of San Francisco, have opposed and criticized plans for the proposed Center; now, therefore, be it

RESOLVED, That this Board of Supervisors does hereby oppose the erection of a Federal Metropolitan Correctional Center as proposed for Civic Center in San Francisco; and, be it

FURTHER RESOLVED, That this Board of Supervisors does encourage the Federal Bureau of Prisons to jointly pursue with the City and County of San Francisco a substitute proposal for a modern facility to be located at an existing or new site; and, be it

FURTHER RESOLVED, That this resolution be conveyed to the Mayor for his transmittal to the U.S. Bureau of Prisons, the General Services Administration, and other agencies and individuals as he may deem proper.

DECLARING OPPOSITION TO THE USE OF SAN FRANCISCO BAY AS A DEEPWATER PORT FOR SUPERTANKERS UNTIL EVIDENCE CAN BE PROVIDED THAT ENVIRONMENTAL DAMAGE WILL NOT RESULT AND A MASTER PLAN FOR PETROLEUM DELIVERY BY WATER CAN BE PRESENTED AND EVALUATED.

WHEREAS, The June, 1973 "West Coast Deepwater Port Facilities Study" points out the tremendous growth of the oil tanker from the 1940 standard tanker of 16,000 deadweight ton capacity to the 477,000 dwt tanker of 1973 and the proposed 607,000 dwt and 1,000,000 dwt tanker currently being designed; and

WHEREAS, The Study further points out the increasing demand for petroleum products in the Western States for the foreseeable future and the need for these petroleum products to be delivered by sea in deep-draft supertankers; and

WHEREAS, Further findings indicate that the most economical way to provide for handling supertankers is to increase the capabilities of one or more of the existing major port complexes on the West Coast and San Francisco Bay has been designated as one of the most desirable ports on the West Coast for the supertanker port; and

WHEREAS, The 1971 collision in San Francisco Bay of two Standard Oil tankers which caused spillage of 800,000 gallons of fuel oil was by tankers one-fifteenth the size of the 210,000 dwt vessel proposed for the Bay Area; and

WHEREAS, Careful consideration must be given to the unique conditions of San Francisco Bay which has a strong tidal flow and currents which would increase the possibilities of beach spillage if an oil spill were to occur during an incoming or flood tide; and

WHEREAS, The condition of dense fog layers over the Bay Area further adds to hazardous conditions for the maneuverability of supertankers; and

BOARD OF SUPERVISORS

WHEREAS, The viability of the San Francisco Bay as a recreational area for sailboats, sport fishermen, beach enthusiasts, and tourists would be greatly endangered by an oil spill from one of the proposed supertankers and the marine life and wildlife would face grave danger as the technology for the removal of oil spills and the preservation of wildlife coated with oil is very primitive; now, therefore, be it

RESOLVED, That due to the potentially disastrous environmental repercussions, the loss of marine and wildlife due to oil spills, and the potential loss of the Bay as a recreational resource, the Board of Supervisors of the City and County of San Francisco strongly opposes the use of San Francisco Bay as a deepwater port for supertankers until convincing evidence can be provided that environmental damage will not result and a master plan for petroleum delivery by water to the Western Seaboard of the United States can be presented and evaluated.

WHEREAS, Legislative reapportionment is a matter of great concern to San Francisco and to all of California; and

WHEREAS, The Masters Committee held scheduled public hearings in Sacramento, San Francisco, Los Angeles and San Diego, at which oral and written presentations were made; and

WHEREAS, All pertinent reapportionment plans, including those formerly proposed, were taken into consideration; and

WHEREAS, The criteria used was one of numerical equality of population, of which the variance was not more than two percent; and

FILE NO. 345-73 RESOLUTION NO. 706-73

OPPOSING GOVERNOR'S TAX INITIATIVE MEASURE, PROPOSED ARTICLE 29 TO THE STATE CONSTITUTION.

WHEREAS, The Governor of the State of California is sponsoring an initiative measure commonly known as "Revenue Control and Tax Reduction Initiative," proposing the addition of Article 29 to the State Constitution, which, if adopted by the electorate, will become effective in the 1974-1975 fiscal year and will pose serious complications for the people of the City and County of San Francisco and the State of California; and

WHEREAS, The initiative is represented as a tax reform measure with the purported objective of limiting and reducing state taxes, refunding state revenue surplus, limiting local property tax rates, providing for emergency funding situations, and requiring voter approval to exceed designated tax limits; and

WHEREAS, The program has major flaws in that it provides no reimbursement to local entities where a court, legislative, or administrative mandate is directed to individuals and local entities, does not provide for costs of increased workloads under existing programs, and does not provide for increased costs of newly defined crimes or changes in definition of existing crimes; and

WHEREAS, Contrary to all equity, the Governor's initiative increases the State's ability to shift cost burdens to local government and decreases the State's obligation to reimburse local government for such costs; and

WHEREAS, With disregard of the voters' mandate, the Governor's initiative also makes it possible for local governing bodies to increase, without a vote of the electorate, the maximum local property tax rates, which is a substantial loosening of the maximum property tax rate limits established in 1973; and

WHEREAS, The Governor's initiative creates a strong possibility that government costs will be shifted from the State to the local taxpayer and in particular to the local property and sales taxpayer; and

WHEREAS, The Governor argues that Californians pay 44% of their incomes in Federal, State, and local taxes, but the Legislative Analyst reveals that such percentage is ill-founded and highly inflated because many types of receipts, such as hospital charges, have been erroneously classified as taxes and many types of taxable income, such as net capital gains, have been deleted from the income base; and

WHEREAS, The Governor's estimate of the tax burden has been further inflated by including corporate taxes in tax collections, while excluding undistributed corporate profits from the income base; and

WHEREAS, The major impact of expenditure reductions, which would be required if the initiative is approved, would most likely fall on programs such as higher education, corrections and youth authority, and the Department of Health which are funded entirely from the Budget Act and other special legislation, and would not require, as some categories would, a change in the law or Constitution to make reductions; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby record its emphatic opposition to the Governor's Tax Expenditure Limitation Initiative and does urge that the people of San Francisco oppose this Proposition on the November 6, 1973 ballot; and, be it

FURTHER RESOLVED, That copies of this resolution be forwarded immediately to the Mayor for transmittal to the State Legislative Advocate and presentation by the latter to the Governor, the California

MEMORIALIZING THE MAYOR TO REQUEST CRIMINAL JUSTICE COUNCIL AND POLICE COMMISSION TO CONSIDER CREATION OF CRIME PREVENTION EDUCATIONAL PROGRAM ADMINISTERED BY A COMMUNITY CRIME PREVENTION UNIT UNDER THE DIRECTION OF THE POLICE ~~CRIME PREVENTION COMPANY~~ DEPARTMENT, AND SOURCE OF FUNDING THEREOF.

WHEREAS, The fact of crime and the fear of crime has turned the people of San Francisco as well as every other major city into a nation of captives imprisoned behind chained doors, double locks and barred windows, afraid to walk our streets by night or our parks by day; and

WHEREAS, In enacting the Omnibus Crime Control and Safe Streets Act of 1968, the Congress, while providing assistance to State and local governments in strengthening and improving law enforcement, specifically found that crime is a local problem which must be dealt with on a local level if it is to be controlled effectively; and

WHEREAS, Pursuant to Resolution No. 89-71 of this Board of Supervisors, the Mayor appointed a Mayor's Criminal Justice Council for the purposes, inter alia, of recommending innovations to the criminal justice systems, including programs and new approaches to criminal justice problems, designed to increase the effectiveness of criminal justice agencies and to reduce crime; and

WHEREAS, Our first line of defense against crime, the policeman on the beat and in the patrol car, needs the support of every concerned citizen if we are to succeed in this local and national effort; and

WHEREAS, An informed and involved citizen can be the best ally our Police Department can have in its fight against crime and the fear of crime; and

WHEREAS, One innovative method of assuring an informed and involved citizenry would be an educational program on community crime prevention, directed and coordinated by our Police Department with the active cooperation of the news media and of business, labor, fraternal, church, neighborhood and social organizations, to teach the people of San Francisco to recognize the symptoms or elements of crime and the means and methods to protect against it; and

WHEREAS, It has been proposed that retired policemen, with their experience, knowledge and expertise, could be utilized for this function at a lower cost than active policemen without placing an additional strain on the heavy workload of the Police Department, now, therefore, be it

RESOLVED, That this Board of Supervisors hereby memorializes his Honor, the Mayor, to request his Criminal Justice Council and the Police Commission to consider the creation of an educational program on community crime prevention as aforesaid, administered by a Community Crime Prevention Unit under the direction of the Police ~~Crime Prevention Company~~ Department, and to ascertain the availability of Federal or State grants to fund the same.

FILE NO. 285-73-10 RESOLUTION NO. 726-73

REJECTING THE ENVIRONMENTAL IMPACT STATEMENT FOR EXPANSION OF DOYLE DRIVE AS INADEQUATE AND OPPOSING ANY DECISIONS BY THE STATE HIGHWAY COMMISSION BASED UPON SAID STATEMENT.

WHEREAS, The environmental impact statement on Doyle Drive proposed improvements is inadequate in that there is no complete description of the property to be involved; and

WHEREAS, The juggling of figures confuses the actual amount of open space to be usurped by the expansion; for example, the EIS claims that seven (7) acres will be usurped when in actuality fifteen (15) acres will be consumed including the relocation of buildings; and

WHEREAS, The open space in the Presidio amounts to 700 acres as opposed to 1,400 acres as mentioned in the EIS; and

WHEREAS, The impact on wildlife has been inadequately assessed; and

WHEREAS, The influence of the "potential incremental effect" is misleading in that it states that additional lanes will not increase traffic and the difference in the speed limit of Doyle Drive and the speed limits of Lombard Street and the Golden Gate Bridge will not prove to be hazardous; and

WHEREAS, There has been no cost analysis as to the relative benefits of the San Francisco proposal and the proposal embraced by the Department of Transportation; and

WHEREAS, In fact, no alternative was studied other than the proposal of the Department of Transportation, which is in violation of the National Environmental Protection Agency guidelines which require that alternatives of mass transit must be considered in all highway proposals; and

WHEREAS, Inadequate consideration was made as to the effects on air quality, and answers were not given as to the amount of additional pollution created by increased usage of Doyle Drive, and as to the ultimate dispersion of the pollutants over residential and open space areas of San Francisco due to wind currents; and

WHEREAS, After extensive study and serious consideration, the Department of City Planning has recommended rejection of this EIS as inadequate and incomplete, in violation of San Francisco's Master Plan, and does not conform to basic planning and development objectives; and

WHEREAS, Independent traffic consultants have stated that the widening as proposed would increase peak period traffic from fifteen to twenty per cent and the EIS makes no reference to the effect of increased traffic on nearby neighborhoods; now, therefore, be it

RESOLVED, That the Board of Supervisors of the City and County of San Francisco does hereby reject the Environmental Impact Statement of the Department of Transportation as presented to the State Highway Commission as being undesirable and inadequate; and, be it

FURTHER RESOLVED, That the Board of Supervisors does hereby oppose any decision made by the State Highway Commission, or the Department of Transportation, or the Department of the Army, or the Department of the Interior, or the Federal Highway Commission, based upon the present Environmental Impact Statement for expansion of Doyle Drive until such time as the Department of Transportation has taken the necessary steps to amend said statement in compliance with the law and purpose of such statements; and, be it

FURTHER RESOLVED That the Board of Supervisors does hereby state that no Environmental Impact Statement will be approved by this body until such time as the San Francisco alternative for six lanes with a permanent center barrier is studied and compared with the present proposal to determine the relative desirability of each; and, be it

FURTHER RESOLVED, That copies of this resolution be sent to his honor, the Mayor, for transmittal to the Legislative Advocate, members

of the San Francisco delegation to the Congress, and to the Legislature, urging cooperation and assistance in providing an adequate EIS so that decisions with regard to Doyle Drive can be made in the best interest of the State, the Bay Area, and all citizens interested in preserving and protecting our urban environment and the concept of governmental responsiveness to the needs of the public.

URGING BOARD OF EDUCATION MEMBERS TO REQUIRE THAT SUPERINTENDENT OF SCHOOLS IMMEDIATELY ACTIVATE SAID BOARD'S AFFIRMATIVE ACTION POLICY OF PROMOTING QUALIFIED LATINOS TO ADMINISTRATIVE POSITIONS AND TO ACHIEVE AN ETHNIC BALANCE OF TEACHERS AND ADMINISTRATORS WITHIN THE SAN FRANCISCO UNIFIED SCHOOL DISTRICT IN RATIO WITH THE STUDENT POPULATION.

WHEREAS, Members of the San Francisco Board of Education have repeatedly expressed their concern for establishment of a proportionate representation of teachers and administrators in relation to the ethnic makeup of the student population; and

WHEREAS, Such concern has been manifested specifically by the members of the Board of Education in their Resolution No. 112-16A7 and Affirmative Action Policy No. P4110; and

WHEREAS, The intent of the above-mentioned policy has been disregarded in substantial measure, and responsibility for such non-observance of official Board of Education policy falls primarily on the Superintendent of Schools, with particular emphasis upon his failure to take effective action in promoting qualified Latinos to administrative positions; and

WHEREAS, There are over 100,000 residents of San Francisco who are of Latino origin and who contribute to approximately fifteen percent of the enrolled student population; and

WHEREAS, At least 2,000 of our Latino students are identified as being in need of special language instruction in English as a second language (ESL) or bilingual education, but only 1,200 are being served by the School District's Spanish Bilingual Education Program; and

WHEREAS, The need for Latinos, not only as teachers but also as administrators, is logical and self-evident, and constitutes a mandate for remedial action by the Superintendent of Schools under the 1964 Civil Rights Act which clearly states that there should be equal employment opportunity for all; and

WHEREAS, It is a sad commentary on the Superintendent of Schools and the San Francisco Unified School District that of 97 Central Office Administrators, there are no Latinos except for two who are in the bilingual program, that according to a recent survey of a total of 4,405 full-time teachers, only three percent (122) are Latinos, and of a total of 243 administrators employed by the San Francisco Unified School District, only six percent (14) are Latinos; and

WHEREAS, Of twelve administrators hired by the District in the last year, none have been Spanish-speaking, a deplorable record directly related to the non-feasance of the Superintendent of Schools; now, therefore, be it

RESOLVED, That this Board of Supervisors, on behalf of its constituents including particularly a Latino population of more than 100,000, does hereby urge the Board of Education as the policy-making body of the San Francisco Unified School District, to direct the Superintendent of Schools to take immediate and effective action which will result, without delay, in appointment of teachers and administrators of Latino origin in the San Francisco Unified School District, in a ratio proportionate to the Latino element of the student population of said District; and, be it

FURTHER RESOLVED, That the Board of Education be and it is hereby urged to institute such additional measures as will insure the prompt and fully effective observance of said Board of Education's Affirmative Action Policy; and, be it

FURTHER RESOLVED, That the Board of Education is hereby requested to formulate a report to the Board of Supervisors of its progress in implementing the Affirmative Action Program mentioned herein, within three months from adoption of this resolution; and, be it

FURTHER RESOLVED, That in the absence of an immediate compliance with the Board of Education's Affirmative Action Policy by the Superintendent of Schools in the area of adequate Latino representation in the administrative structure of the San Francisco Unified School District, this Board of Supervisors will request that the Equal Employment Opportunity Commission review and investigate the circumstances surrounding the failure to achieve ethnic balance among the Latino teachers and administrators in said District, with a view to institution of remedial action.

DESIGNATING THE DEPARTMENT OF PUBLIC WORKS AS THE AGENCY WITH PRIMARY RESPONSIBILITY FOR PREPARATION AND COORDINATION OF SOLID WASTE MANAGEMENT PLANS FOR THE CITY AND COUNTY OF SAN FRANCISCO; AND SPECIFYING THAT THE BOARD OF SUPERVISORS BE THE LOCAL REVIEW AUTHORITY THEREFOR.

WHEREAS, The Solid Waste Management and Recovery Act of 1973 requires all counties to submit a Solid Waste Management Plan to the State Solid Waste Management Board by January 1, 1976; and

WHEREAS, The State Solid Waste Management Board has developed tentative guidelines for the preparation of Solid Waste Management Plans by California counties, and solicits comments thereon by December 15, 1973; and

WHEREAS, The process for preparing such plans, as outlined in the tentative guidelines, includes (a) the assigning by the county board of supervisors of responsibility for the preparation of such plan, (b) its actual development, (c) its local review, (d) its review by a regional planning agency, (e) its submittal to the State, and (f) its formal adoption by the county after review and approval by the State Board; and

CALLING FOR DEMOLITION OF THE EMBARCADERO FREEWAY; OPPOSING THE EXTENSION OF INTERSTATE ROUTE 280 BEYOND THIRD STREET ALONG THE WATERFRONT; URGING WITHDRAWAL OF THE 480 CONNECTION FROM THE STATE HIGHWAY PLAN; AND CALLING FOR A SHORT TERM STUDY OF NON-FREEWAY ALTERNATIVES TO BOTH THE EMBARCADERO FREEWAY AND THE I-280 EXTENSION; RESCINDING RESOLUTION NOS. 475-65, 506-66, 653-68, 761-69 AND 673-70.

WHEREAS, Resolution No. 475-65, adopted by this Board of Supervisors on July 26, 1965, declared the official policy of the City and County of San Francisco as supportive of a plan for a subsurface Golden Gate Freeway within the northeastern sector of San Francisco and a concurrent phasing-out of the elevated Embarcadero Freeway; and

WHEREAS, Resolution No. 506-66, adopted July 18, 1966, approved the routing of Interstate Highway 280 between Brannan Street and the existing freeway near Howard Street known locally as Southern-Embarcadero Freeway Extension; and

WHEREAS, Resolution No. 653-68, adopted September 30, 1968, reaffirmed this Board's policy in favor of phasing-out the elevated Embarcadero Freeway, and called upon the California Highway Commission to consider conversion of the elevated Embarcadero Freeway to a subsurface freeway; and

WHEREAS, Resolution No. 761-69, adopted on October 27, 1969, requested the State Division of Highways to stop work on the freeway connection between the Embarcadero Freeway and the Southern Embarcadero Freeway Extension, and to work with City and County of San Francisco departments toward undergrounding of the Embarcadero Freeway; and

WHEREAS, Resolution No. 673-70, adopted on November 9, 1970, adopted objectives, policies and design criteria proposed by the Director of Planning in furtherance of this Board's policy that any

BOARD OF SUPERVISORS

FILE NO. RESOLUTION NO.

Golden Gate Freeway must be a subsurface facility, that the existing elevated Embarcadero Freeway north of Howard Street be undergrounded, that work be stopped on the freeway section connecting the existing Embarcadero Freeway to the Southern Embarcadero Freeway Extension, and that City departments work with the State Division of Highways toward the eventual undergrounding of the Embarcadero Freeway; and

WHEREAS, The San Francisco Waterfront Advisory Committee of the Bay Conservation and Development Commission on August 20, 1973 adopted a resolution relative to its duty of recommending a "special area plan" for the San Francisco waterfront, which declared variously that the existence of the Embarcadero Freeway and the possible extension of Route 280 to the Bay Bridge will interfere substantially with public access, aesthetics, and other factors of waterfront planning and use; that the proposed 480 connection between the Bay and Golden Gate Bridges be deleted from the State Highway Plan; that the State Director of the Department of Transportation has indicated that the State will consider demolition of the Embarcadero Freeway providing that acceptable alternatives including non-structural alternatives can be found; and that State and Federal highway funds may be available for demolition of the Embarcadero Freeway; and

WHEREAS, the Federal Highway Administration recently announced that it could contribute 70% of the cost of replacing the Embarcadero Freeway with some other transportation system and the State Department of Transportation has indicated the possibility of funding thereby providing for the first time, a realistic financial opportunity to remove the Embarcadero Freeway; now, therefore be it

RESOLVED, that the Board of Supervisors of the City and County of San Francisco does hereby rescind the resolutions cited above and declare the official policy of said City and County to be as follows:

(1) That the Embarcadero Freeway shall be demolished and that City Departments are hereby authorized and directed to work with State and Federal Highway Departments to develop a physical and financial plan for demolition to be presented to the Board of Supervisors within nine (9) months for approval.

(2) That the proposed extension of Interstate Route 280 beyond Third Street along the San Francisco waterfront be and it is hereby strongly opposed, and all concerned agencies are urged to suspend immediately all planning, acquisition and construction for said extension pending completion of a short-term study and evaluation of alternatives as hereinafter recommended;

(3) That the Department of City Planning with consultation from the Department of Public Works, Federal Highway Administration, State Department of Transportation, and the Metropolitan Transportation Commission as well as other official agencies which may be involved, undertake and complete a short-term study and evaluation of alternatives to both the Embarcadero Freeway and the extension of Interstate Route 280 beyond Third Street, including financial considerations, transmitting their findings and recommendations to this Board of Supervisors not later than nine months subsequent to the date of adoption of this resolution.

(4) That said short-term study comprise non-freeway alternatives to the Embarcadero Freeway and the I-280 waterfront extension which will not increase automobile traffic but which will be limited to innovative use of surface streets, public transit, peripheral parking, and any other means to accommodate the existing level of traffic and wherever possible reduce private automobile traffic, an important thrust of said study being an attempt to secure Federal and State funds for which any proposed alternatives may qualify;
